

PT Surya Esa Perkasa Tbk.

## INFORMATION DISCLOSURE

On October 11, 2021, the management of the Company's subsidiary, namely PT Panca Amara Utama (PAU), began to carry out its first Turnaround Maintenance since the commissioning of the plant. Turnaround Maintenance is a critical activity to maintain the long-term running of the factory and can only be carried out when the plant is shutdown, including replacement and corrective maintenance of equipment and catalysts. This Turnaround Maintenance is expected to last 1 (one) month.

PAU management is focused on performing its Turnaround Maintenance in a safe, efficient and timely manner. The temporary factory closure has an impact on operational activities, but has no legal impact, financial condition, or business continuity of the Company.
